

September 1, 2020

To whom it may concern;

Mael Korchef came to Robert Mackenzie Sound (RMS) by way of work experience.

In the short time that he was with us, he demonstrated notable, natural abilities when it came to sound for film. In addition to having a pleasant personality he is very clever and picks up on things very quickly.

He has very good instincts and would definitely develop and hone them given the opportunity for further instruction.

I've been working in sound for over 25 years and I believe that a position at a film or sound school would not be wasted on him.

Should you have any further questions, please feel free to call.

Thank you very much,

Robert Mackenzie
